Subject matter, number of images, size, properly naming files, resolution, etc.	Weak subject matter, missing image but mostly correct, subject matter may not be appropriate.	Images meet the minimum level of quality and subject matter to satisfy the assignment. Subject matter could be improved; some images appear to be last minute work.	Good choice of subject matter. Some images edited to include some strong elements. Mainly sized, named and of appropriate resolution.	Strong choice of subject matter. Images are edited to include only the strongest elements. Images are focused, fairly sharp and not blurry but have room for improvement.	Images are high quality, properly exposed and sharp., Shutter speed was high enough to produce sharp (not blurry) images. Images have good contrast and color saturation.
Concept (Idea)	Some research and thought is evident but idea could benefit from more brainstorming.	Ideas for images and satisfying assignment are there, but the execution needs improvement.
