

Assignment 5: Picture Word Exercise

This week we will try to combine pictures to create words. For example in the word “Design” we have 6 letters. The trick is to take photos of common objects that become those shapes by cropping.

Exercise 1. On Monday I will give you a word to shoot and we will take photos, upload them, crop them and post them on your website. Please don't copy someone else's letter and simply try to look through the lens with a fresh perspective.

On Tuesday I want you to choose a photographic term, like “Focus” and we will do the same thing. We will actually print these out so crop them to a specific size like 4”x6”. Then post them to your website and turn on lightbox.

Thursday I want to try to do the same thing with your name. Printing is optional on this one.
