

## CCFE Career Cluster Power Point Project

1. You need to find a partner who has a personality code with two areas different than you. E.g. if you are INTJ you might work with ENTS.

My partner's name is \_\_\_\_\_

My partner's code is \_\_\_\_\_

Partner's photo:

My name is \_\_\_\_\_

My code is \_\_\_\_\_

My Photo:

2. Draw a Career Cluster from Mr. Riebli. We drew  
\_\_\_\_\_

Together you will create an Informational Power Point presentation you will share with our class on Friday. Your Power Point will have between 10 and 15 slides. You will have six minutes to make your presentation to the class. As an outline for your Power Point think:

- 1) Provide a broad overview of your Career Cluster. What kinds of jobs are in this Career Cluster? (Perhaps 1-3 slides). Start at [www.asvabprogram.com](http://www.asvabprogram.com)
- 2) Tell the class about three jobs within this Career Cluster. Such things might include but are not limited to: Job Description, Earnings, Required Education, Job Outlook, and Related Careers. For this, you can use Career Cruising or the o-Net site accessed via [www.asvabprogram.com](http://www.asvabprogram.com)
- 3) Go out and find an actual job within this Career Cluster and tell the class about the required qualifications. You can find this information through [www.jobs.com](http://www.jobs.com) or [www.monster.com](http://www.monster.com)
