## Ten Great Questions to ask at an Exhibition

1. What are you most proud of right now?
2. What have you learned most about?
3. What has been the most challenging part of this year so far?
4. How could you have gone deeper with your work?
5. How was your work connected to your interests?
6. How have you worked with your mentor?
7. Describe a day at your LTI.
8. Describe what role you play in advisory and in the school.
9. What did you think of this exhibition? How did it compare to your previous exhibitions?
10. What are some ways I could support your future / next work?

## What Makes a Great Exhibition?

### *A well prepared presentation:*

- Note cards or visual cues
- Agenda
- Visual aids (charts, graphs, pictures)
- Eye contact
- Speaking clearly

### *A packet for panelists*

(including learning plan, agenda, exhibition feedback forms, rubrics, and sample work)

### *Evidence of learning plan work*

(shown organized in the student's portfolio)

### *Evidence of the process the student went through*

(drafts, journal entries, Calendar, meeting notes)

### *Creative activities that involve the panelists*

### *Honest self-reflection*

(discussion of growth and struggles throughout the recent learning cycle)

### *Evidence of improvement*

(depth of learning, excitement about projects, more responsibility for his or her own learning)
