### Announcing

We are excited to announce our first Health Science Summer Internship sponsored by Gig Harbor Fire and Medic One, St. Anthony Hospital, and Cottesmore of Life Care, in partnership with the Peninsula School District.

This internship is designed for students who have a strong interest in exploring a career in the medical field. The purpose is to provide an opportunity to experience real-life scenarios in various segments of medical care, develop knowledge and skills foundational to the health professional, and gain an understanding of patient assessment and care.

The application is posted at [sl.psd401.net/health-science](http://sl.psd401.net/health-science). Applications should be postmarked by April 18<sup>th</sup> if mailed. They will also be accepted in person at the district office or by e-mail by that date.

The screening committee will be looking for a diverse representation of interest from students across the health care field.
