

Projects at a Big Picture School

January 31, 2018 Exhibition

Group Members: Peter Liljengren, Lisa Mahony, George Palo,
John Riebli

Questions We Set Out to Answer

Category 1: The Basics

- *What is a project in a Big Picture school?**
- *What are some examples of projects?**
- *What different kinds of projects are there?**
- *How long do you allow students to work on a project?**

Questions We Set Out to Answer

Category 2: Relationships

Project and Advisory

Project and Internship

*How do advisory and internships connect with projects?

*What is the role of the advisor in designing projects?

Questions We Set Out to Answer

Category 3: Assessment

*How are projects assessed?

*Can all competencies be assessed through projects?

Projects

Primary Research Sources

- *Big Picture Learning Projects Guide
- *Gibson Ek 2017-18 Student Handbook
- *Conversation with Gwen Lennox, Highline LTI Coordinator,
January 3, 2018
- *Conversation with Tonja Reischl, Gibson Ek Advisor,
January 17, 2018

Projects

Questions still to be answered

- *How is advisory time used to develop projects?
- *How does one motivate students to start and sustain projects?
- *How is a teacher's day organized? How is a student's day organized?
- *How much structure do we want to create?
- *How do you use the labs or workshops to design and complete projects?
